**PROGRAMME 1.** from 10:40 to 16:30

AI EMPOWERMENT FOR BUSINESS LEADERS

– **by Fahed Bizzari**

*An immersive and hands-on workshop to build the clarity, confidence and direction to drive AI empowerment in your organisation.*

# Day 1.

from 9:30 am to 4:30 pm

## **MODULE 1:** The AI problem most organisations struggle to solve

10:40-11:40

Why most AI initiatives stall, what it's costing you and what your organisation looks like when it gets this right.

## **MODULE 2:** Finding where the real value sits

11:40-12:40

A practical, under-explored approach to uncovering AI opportunities that deliver fast, hit hard and your people will welcome.

## **AI Lunch:** 12:40-13:30

Feed the Participants: even AI needs a rest!

## **MODULE 3:** AI empowerment in the context of your organisation

13:30-15:30

Experience what each stage of inside-out AI empowerment looks like when it's applied to your company.

## **MODULE 4:** Building your AI investment case

14:45-16:30

A framework for turning freed-up capacity into a business case that gets the investment moving.

# Day 2.

from 9:30 am to 4:45 pm

**Welcome Coffee:** 9.30-10.00

**Programme 2:** 10:00-16:45

DATA & AI AS KEY, STRATEGIC ENABLER  
OF YOUR BUSINESS –

**by Vitalie Ursachi and Anatol Poiata**

Programme 3, is a 5-hour workshop in which we'll make a deeper dive on the opportunities given by Data, advanced analytics and AI. Build a roadmap for practical use of AI into the enterprise/entity

**FOCUS:** Executives who already embrace AI conceptually and now seek to embed it in strategy, operations, governance, and data practices

**OBJECTIVE:** Equip senior leaders with practical knowledge, governance tools, and enterprise-wide frameworks to assess, design, and oversee real-world AI & data strategies

**VALUE:** Leadership mindset ► Structured enterprise enablement ► Measurable transformation

**TONE:** Operational, insight-driven, diagnostic, and hands-on

# Day 2.

from 9:30 am to 4:45 pm

## MODULE 5: AI Fluency Deep Dive

10:00-11:15

- Ground AI & GenAI in strategic terms (not tech).
- Clarify board-level roles in AI accountability.
- Debunk hype replace with actionable insight.

## MODULE 6: Data as a Strategic Enabler

11:15-12:30

- Introduce the Data Maturity Ladder and governance as enablers, not just compliance.
- Self-assess readiness.
- Understand how data quality and accessibility impact AI potential.

### Lunch: 12:30-13:30

Getting energy to assure AI are provided by exact and consistent data and human brains effort!

## MODULE 7: Use Cases & Business Value

13:30-15:00 *Anatol Poiata, Vitalie Ursachi, UiPath Expert*

### Bridge from theory to transformation

- Ground the abstract in real-world success.
- Customize sectoral examples.
- Vertical examples and live Demo on UiPath Agentic Platform
- Help participants visualize what's possible for their own org.

# Day 2.

from 9:30 am to 4:45 pm

## **MODULE 8:** Enterprise Labs – 15:00-15:45 From Readiness to Action

Practical application of everything above

- Use a structured diagnostic canvas.
- Facilitate peer discussions.
- Surface 1-3 enterprise priorities per participant.

## **MODULE 9:** Governance, Ethics, and ROI 15:45-16:15

Final wrap-up for Boards & CxOs

- Translate transformation into governance language.
- Offer tools and checklists for responsible oversight.
- Define investment KPIs and how to assess ROI.

## **Round-up:** Summary and 16.15-16.45 Certificates issuing

## **DELIVERABLES TO PARTICIPANTS**

- AI Readiness Canvas (filled per enterprise)
- Quick Wins Tracker Template
- Board-Level AI Governance Checklist
- Sector-specific examples (upon request)
- Certificate of Participation/Completion
